### THE WAR ON THE BLACKS.

ORIGIN OF THE DIFFICULTY IN NEWTON COUNTY, MISS.

One of the Regulators to Turn State's Evidence-Fifteen Arrests Already Made.

ISPECIAL TO THE APPEAL. Jackson, Miss., July 23 .- There are no additional particulars of the Newten county frombles to these given yesterday, save that it appears that the matter arose some two years ago from conflicting interests in a homestead entry between a negro and a white man. Bad blood arose between the parties, which has been kept up ever since, growing in scrimony until it has involved the relatives and friends of each, and hes been taken in hand by what is known as a secret band of regulators who are supposed to have been organized since this original trouble, not for the purpose of making an indiscriminate war on the negroes, as was at first supposed, but for the pur-

pose of assuming to look after and reg-

alste those who, in the opinion of the

regulators, are

HAD NEGROES OR LAWLESS PERSONS. It is supposed to be a similar organixation to those which figured so prom inently in 1880 and 1881 in the ties of Amile, Lincoln and Pike. Heretofore their operations have been so quiet and secret that its existence could not be legally established nor the identity of any of the members fixed, hence there have been no indictments. It is said that one of the band has agreed to turo State's evidence and give all the names of the offenders and tell of their depredations Fifteen of the regulators have already been arre ted. The Circuit Court meets there next Monday, when the matter will undergo rigid investiga-tion. Sheriff Harper and other officers are reported as active and diligent in their efforts to preserve the peace of the county and to bring the offenders to justice. If they fail in this they will have the assistance of troops.

THE RAIRDAD COMMISSION esterday approved the existing freight tariffs on the following roads: Mem-phis and Charleston, East Tennessee, Virginia and Georgia, Louisville and Nashville, Louisville and Nashville, Georgia Pacific, broad and narrow gauge, Ship Island Ripley and Ken-tucky. Mobile and Northwestern, and West Feliciana.

CONVICT LABOR.

The Commission, as ex-officio Board of Control of the Mississispi penitenof Control of the Mississiepi penitentiary, issued an order yesterday to the lesses forbidding the working of convicts outside the walls in any of the mechanical pursuits. This order was able. Both Nashville and Memphis invoked by the petition of 122 mechan-

citizens of Hinds county praying the issuance of a writ of prohibition to prevent the election on local option, came up before Judge Wharton today, Messrs. Calhoun & Green and E. E. in his life, I will mention the fact that Baldwin representing the petitioners on the day that he was killed he past six months amounted to 37,500,-000 francs, of which 29,500,000 was due brought some fine Jersey butter to a brought some fine Jersey butter to a brought some fine delivered to the past six months amounted to 37,500,-000 francs, of which 29,500,000 was due to lesses in the revenue from sugar at his store. Before night he was the same time had decreased 23,000,-Baldwin representing the petitioners and Messre, Nugent and McWillie the Supervisors signed the petition for the election and three of said members circulated the same and sought signatures, hence they are incompetent to sit in judgment on said petition; sec- in the race, so he says in his letter. ond, if they had the power so to act Looney, Dibrell and some East Ten-the order of the board providing for the election must show that they de'er. Looney is still in East Tennesse. mined upon the sufficiency of the petition presented, the county registration books of last year. The answer to the first ground claims that the common law doctrine which prevents a court from deciding in matters wherein it is interested does not apply to this case, as no member of the board so signing and soticiting signers has any personal or pecuniary interest in the result of the election to be afthe order recites on its face that the periuon was signed by the number of qualified votes, as required by the act, and that it was unnecessary for the order to state that they had determined that the requisite number by the registration books, as that is the only mode by which they could have determined the fact. These questions ar se on the demurrer to the petition for the writ, which was argued at length today and taken under advisement by the Judge, to be decided text week at Raymond.

CROPS MUCH IMPROVED , BY RAIN.

The Growth of the City Retarded by Want of Railroad Facilities-Bob Looney's Candidacy.

CORRESPONDENCE OF THE APPRAL. NASHVILLE, TENN., July 22,-The crops in Middle Tennessee are much better than they were expected to be. The general rains did not injure them as much as it was feared they would. Nashville is growing steadily, but not very rapidly, owing to her want of railroad facilities. While the Lou'sville and Nashville and the Nashville and Obat snooga roads are doing a great deal f r the city in the way of cheap freight and passenger rates, yet the city needs several other railroads. She especially needs one running toward Cincinnatiand the North. This the Chesapeake and Nashville would give her if it could be built. If built to this place it would be extended through Hickman, Perry and Henderson counties to Jackson, thence on a direct line to Memphis. Memphis far surpasses Nashville in her railroad fa-cilities, but Nashville is in the center of the great iron and provision region need and should have better water ics of Jackson, which was inspired by the fact that Gen. Wm. Henry, the general manager of the penitentiary, uable than anything else. Not only

### A TERRIBLE FALL.

A Man Jumps From the Middle Span of the Brooklyn Bridge,

Naw York, July 23 .- At 2 o'clock this afternoon, Stephen Brodie, a bootblack, 23 years old, who is employed in the Mills Building, jumped fected by decision. In answer to the from the Brooklyn Bridge at the second ground, defendant says that center span into the East river. He was fished out and taken to a police station, apparently uninjured. Brodie was a long time a newsboy, and later on a pedestrian. Some short time ago he went on the freebooting expedition to South America. Shortly after 2 o'clock a wagon was

noticed passing over the bridge with two men riding on it. Something about one of the men a'tracted the notice of Police Officer Lally, and he watched the wagon as it went on. When about 100 feet east of the New York tower, one of the men stood up and took his coat off, looked around, and said to the driver, "Well, here goes for luck." He stepped from the wagon to the rail, and without hesitating a moment he jumped off. A skiff, which was near at nand, rapidly came up and its occu-rants took the man in. The boat was pulled to the foot of Dover street and In the meantime three bridge police officers had run around and down to the pier. They arrested the man. He did not seem to be much injured by his terrible fall, and walked along without any assistance, followed by a mob of cheering boys

and men. The surest tranquilizer of the Nerves.

The surest tranquilizer of the nerves is a medicine which remedies their supersensitiveness by invigorating them. Over tension of the nerves always weakens them. What they need, then, is a tonic, not a sedative. The latter is only useful when there is intense mental excitement and an immediate necessity exists for producing quietude of the brain. Hostetter's Stomach Bitters restores tranquility of the nerves by endowing them with the vigor requisite to bear, without being jarred or disturbed unhealthinly, the ordinary impressions produced through the media of sight, hearing or reflection. Nay, it does more than this; it enables them to austain a degree of tension from mental application which they would be totally unable to endure without its assistance. Such at least, is the irresistible conclusion to be drawn from the testimony of business and projessional men, litterateurs, clergymen and others who have tested the fortiliying and reparative influence of this celebrated tonic and nervine. CRAWFORD GIVEN A DI-VORCE FROM HIS

Wife on the Ground of Adultery With Sir Charles-General Foreign News.

LONDON, July 23.—The case of Crawford against Crawford and Dilke was given to the jury this afternoon. Tony returned a verdict finding Mrs. Crawford guilty of adultery with Sir. Charles Dike and granting Mr. Crawford a divorce. The jury were absent twenty minutes only. The decision arrived at by the jury is that Mr. Crawford is entitled to divorce from his wife on the ground of adultery his wife on the ground of adultery with Sir Charles Dilke as decided nisi by Justice Sir Charles Butt on February 12.h last, the present case being simply a rehearing at the intervention of the Queen's Proctor, for the purpose of ascertaining whether the decree nisi should not be set aside on the ground of collusion between Mr. and Mrs. Crawford or on new evidence invalidating the wife's confession. The ford the proceeding confirms the previous decree and makes it ab clute at the expiration of the eix months attaching to it. This six months will expire on August 13th, the decree nisi having been issued on February 12. The Queen's Protter has been condemned to psy the costs

of the present proceeding. In his closing argument, Sr Walter Pallimore, for the Queen's Proceed, urged the jury to believe that Mrs. Crawford's whole confession was concerted for the purpose of shislding Capt. Fester. Justice Hsnuen, in summing up the case for the jury, laid stress upon Sir Charles Dilke's sbstention from testifying in the former trial. This silence, the Judge said, had the effect of suggesting that Sir Charles was guilty of the charges be refrained from denying. "Would you, gentlemen of the jury," asked the Judge, "remain silent even under the advice of counsel when a tissue of falsehoods were told egainst you, seriously affecting your moral character?"

DUBLIN, July 23 .- United Ireland, Mr. Parneil's organ, commenting on the political situation, says: "The Marquis of Salisbury will be compelled ere long to produce his manacles. During the past year the Irish people have submitted to the bitterest privations and extortions patiently. The judic al rents are becoming clearly more impossible for the tenantry to pay and more unbearable. It is absolutely hopeless to expect any redress from an English Parliament. Long Branch, N. J., July 26.— Messis. Whitcomb & Bollaid, the pro-prieto's of the Ocean Clubbonie on Broadway, received word lest night that the police authorities intend d to make another raid on the gambing houses in a few minutes. They at once ordered all genes to be sus-pended, covered the tables and turned out the lights. The warring, how-ever, was unnecessary, as the police contemplated no raid last night. All the gambling houses will be raided within the next two days. Mayor Heisley has employed another spotter, who has secured important evidence. The Mayor says he will carry out the laws to the letter, and will close all gambling houses and houses of ill fame inside the city limits. Wintersmith's Chill Cure.

OFFICE OF THE CQUAIRE-JOURNAL,
LCURYPILLE, KY.

Dr. Winits smith, Sir-I saive a rule I have observed for many years, the value of your remedy prompting me to say, in reply to your request, what I know of your Chill Cure. The rivate assurances of its efficacy I had, and the good result 'its effects I had observed on Mr. R. W. .... sredith, who, for more than fifteen years, had been foremen of my office, induced me to test it in my family. The results have been entirely satisfactory. The first case was of two years' standing, in which I believe every known remedy had been tried with temporary relief-the chills returning periodically and with seemingly increased severity. Your care broke them at once, and there has been no recurrence of them for more than six months. The other case was of a milder form, and yielded more readily to other remedies; but the chills would return at intervals until your medicine was used, since which time, now several months, they have entirely disappeared. From the apportunity I have had to judge, I do not hesitate to express my belief that your Chill Cure is a valuable specific, and performs all you promise for it. Respectfully,

Mr. HALDEMAN,
